

Project Science

Choose **one option** and then a **research** topic.  
 Present your research in whatever form you choose: ideas include

- A powerpoint or a poster
- A film segment or short clip (film yourself!)
- Make some information or fact cards on the topic
- A quiz or crossword activity.

Or any other way that you can think to present your hard work.

Option A- Animal	Option B- Habitat	Option C-Scientific Achievement or discovery	Option D – Inventor or Scientist	Option E-Substance
Shark species  Bats  Creatures of the Deep  Snakes	Antarctica  British seaside/coast  My Garden in Spring  Sahara	1969 Moon Landing  Hubble Space Telescope  Eradication of smallpox  Development of antibiotics	Marie Curie  Ada Lovelace  Robert Bunsen  Rachel Carson	Chlorine-chemical weapon or lifesaver?  Polonium isotopes  Carbon allotropes and molecules  Titanium and its alloys
